**D.O. No N-14013/1/2008-FP**

Dated the June, 2008

Dear

The spacing method IUCD has picked up in the year 2007-08 all across the country. An important component of the programme is regular and timely supply of 'IUCD kits' for the same. Since the procurement, maintenance and distribution from the Central and state level is a time consuming affair and not necessarily synchronizing with the needs of the states/ districts and moreover the item being a 'low volume' and 'low cost' one, it is suggested that the same may be procured as per requirement at the State and/ or District level through NRHM/ RCH-II flexipool.

With regards,

Yours sincerely,

(G.C. Chaturvedi)

To,

All Mission Directors of State
